

This Is How It Goes Play: A Comprehensive Guide to the Game

This Is How It Goes Play is a tabletop role-playing game that explores the complexities of human relationships through the lens of science fiction. The game is set in a future where humanity has spread to the stars, but where the challenges of love, loss, and connection remain the same.

Setting

The game is set in a future where humanity has spread to the stars, but where the challenges of love, loss, and connection remain the same. Players take on the roles of scientists, engineers, artists, and other members of a space-faring society. They will explore strange new worlds, encounter alien cultures, and grapple with the challenges of living in a world where the familiar is constantly being replaced by the unknown.

Characters

Players can create characters from a wide range of backgrounds and professions. Each character has their own unique strengths, weaknesses, and motivations. Players will work together to create a team of characters that is well-suited to the challenges of the game.

Some of the character archetypes that are available to players include:

- **The Scientist:** A brilliant mind with a thirst for knowledge. The Scientist is always looking for new ways to understand the universe and its inhabitants.
- **The Engineer:** A skilled craftsman with a knack for solving problems. The Engineer is always ready to lend a hand, and they are always up for a challenge.
- **The Artist:** A creative soul with a unique perspective on the world. The Artist is always looking for new ways to express themselves, and they are always willing to challenge the status quo.
- **The Diplomat:** A skilled communicator with a gift for negotiation. The Diplomat is always looking for ways to bridge the gap between different cultures and perspectives.
- **The Soldier:** A brave and skilled warrior who is always ready to defend their loved ones. The Soldier is always willing to put themselves in harm's way for the greater good.

Rules

The game is played using a d6 dice pool system. Players roll a pool of d6 dice, and the number of successes they roll determines the outcome of their actions. The game also uses a number of other mechanics, such as a

stress system and a conflict resolution system, to simulate the challenges of living in a science fiction world.

The game is designed to be flexible and easy to learn. Players can create their own characters and stories, or they can use the pre-generated characters and scenarios that are included in the game. The game can be played with as few as two players, or as many as six players.

Gameplay

The game is played in a series of scenes. Each scene represents a different encounter or challenge that the characters face. Players will work together to overcome these challenges, and they will develop their characters' relationships along the way.

The game is not about winning or losing. It is about exploring the complexities of human relationships and the challenges of living in a science fiction world. Players will experience moments of joy, sorrow, and everything in between. The game is designed to be a thought-provoking and emotionally resonant experience.
